- Physiotherapy service to ICBC and other private pay clients 2007-2009

Physiotherapist – Abbotsford Regional Hospital and Cancer Center, Abbotsford B.C. August 2020 – present

Physiotherapist- Chilliwack General Hospital, Bradley Center. Chilliwack, BC August 2019 – July 2020

Physiotherapist- Chilliwack General Hospital, Chilliwack, BC May 1994-August 2019

Clinical Chief Physiotherapist-February 2001-2015

- Responsible for clinical competencies of physiotherapy staff, monthly reporting of statistics, interviewing potential employees for physiotherapy and rehabilitation assistant positions, orientation of new employees to the hospital.
- April 2003 worked closely with the Health Managers to re-establish a physiotherapy department structure including greater responsibilities for scheduling of staff, monthly operational reports, establishing a pilot project for discipline specific documentation.

Physiotherapist-September 1996-Present

- Moved to part-time Staff physiotherapist 2015 covering acute medical units
 - Responsible for the re-establishing an outpatient physiotherapy program at Chilliwack General Hospital including writing policies and procedures for the program. The program was designed to meet the needs of patients that could not be seen at private clinics. This eventually included writing a proposal and implementing a program for post-op total knee replacement patients.
 - Patient population includes neuro rehab, amputees, arthritis, psoriasis, lymphedema, limited orthopedics and general weakness.
 - Provided relief home care physiotherapy coverage for a period of time through 1996 and 1997.
 - Teaching back care and safe patient transfer techniques to all new staff.
- Staff Physiotherapist-May 1994-September 1996
- Initial position at CGH involved working on the activation and assessment unit. The patient population included post CVA patients, general weakness, and post-op orthopedic patients. Worked closely with the occupational therapist to provide rehabilitation in preparation for discharge home, to refer to other rehab facilities or long term care facilities.
